ABOUT SAFECARE BC

We are the health and safety association for British Columbia's 30,000+ continuing care workers. We help organizations and their staff create safer, healthier workplaces with practical education and training, leadership support, and collaboration.

Not sure where to start after a WorkSafeBC inspection? We can provide support with your health and safety concerns and questions, both physical and psychological.

What we offer

Consultative services

Tell us the issue; we can help you map your next steps.

Resources

Templates, checklists, posters, and microlearning.

Education and training

elearning courses, instructor-led courses (online and in-person), and webinars.

Why people use our services

- We understand continuing care (we do this every day).
- We are responsive and keep it simple.
- We provide ready to use tools you can use now.
- We offer free or deeply discounted services for members

Frequent topics we can help you with

- Safe handling and mobility
- Violence prevention and de-escalation
- JOHS committee effectiveness
- Psychological health and safety support

What our members say

“SafeCare BC has enhanced my workplace safety knowledge, and I greatly appreciate the education that is offered.”
